

CHINESE CHECKER

A game for 2 or 3 players

OBJECT: To be the first player to move all 6 of his playing pieces from one side of the board to the other.

SET UP: Each player chooses a colour triangle, takes the 6 playing pieces of that colour and places them in the 6 spaces of one of the triangles of that colour. No two start triangles should be adjacent to each other.

HOW TO PLAY: Each play in turn may move one playing piece in any direction onto any immediately adjacent vacant space or may jump over any adjacent playing piece of any colour (including its own) onto a vacant space beyond. Several such jumps can be made, if the opportunity exists, within the same turn.

WINNING: The first player to move all 6 of his playing pieces from his start triangle across the board and onto the opposite triangle of the same colour is the winner.
