

STRING ART

Transform string and pins into works of Art

Discover a whole new world of string art. Learn simple steps and easy techniques - to make the amazing projects. Start with string, pins, paper, and a board. End with adorable animals. Get ready to transform string and pins into wonderful artworks!

Create Super-stylish
String Art

Wrap the Board

1. Pick one sheet of the background paper and a board.
2. Lay the background paper on a flat surface with the front facing down.
3. Crease the paper and glue the 4 edges onto the board.

3

Insert the Pins

Carefully insert a pin in each dot on the wrapped board until they're all pinned.

Handle pins with care

- Work on a flat surface when inserting pins. Don't hold the board in your lap or hands.
- If a pin gets stuck in the pin-pushing tool, ask an adult to help get it out.
- If a pin pokes out the back of the board, pull the pinhead up from the front until the pin no longer pokes out.
- If a pin poke does break the skin, wash and bandage the area.

1

2

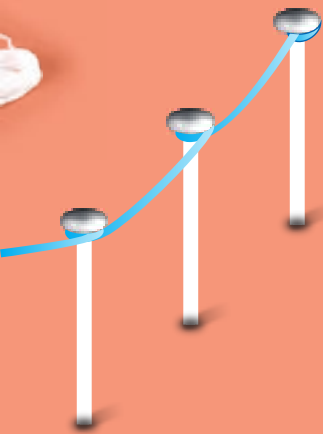

START A COLOR

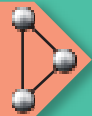

1. Loop one end of the string around the pin.
Tie a half-knot and pull it tight.
2. Tie another half-knot on top of the first one and pull it tight.
3. Cut off the string, taking care not to cut too close to the knot.
4. Apply a dot of glue to the knot. This will help keep the knot secure and prevent fraying.

Then work with strings look like this:

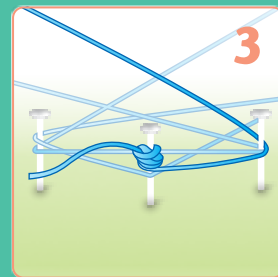

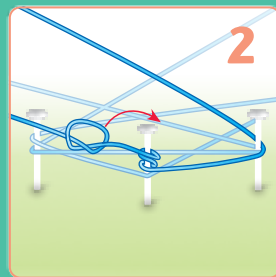

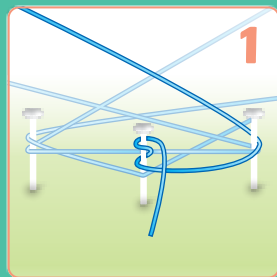

END A COLOR (Tie Off)

1. Loop the string around the last pin a couple of times, pull it snug, and cut it. Don't hold the board in your lap or hands.
2. With one hand, hold the string snug close to the pin.
With the other hand, tie a half-knot close to the pin.
3. Drop the half-knot over the pin and pull it tight.
Do it again so you have two knots.
4. Cut the string and put a dot of glue on the knot, the same way you did when you tied on.

Hints:

Wrap the outline's pins of each part to make it fix.

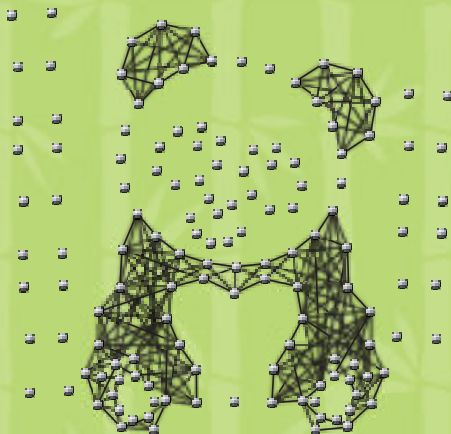

Roly-poly Panda

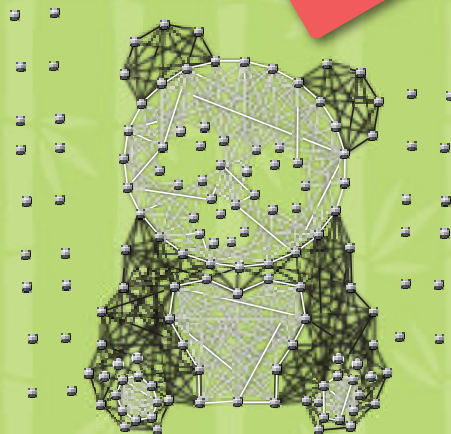

1. Pick the background paper with the panda pattern to wrap a board.
2. Insert the pins on the wrapped board until the dots all pinned.
3. Work with strings to fill in the panda by following the string basic skills introduced before.
4. Decorate with the pipe cleaners.
